Consent

Winter Stations uses the details above to run the competition and to report, in combined and anonymous form only, on the reach and impact of the exhibition to our funders and partners. Your individual answers are never shared without your separate consent.

I HAVE READ AND UNDERSTAND HOW MY INFORMATION WILL BE USED
(REQUIRED TO SUBMIT).

Please include this form as part of your
Winter Stations design submission.

One more short, optional step

If you wish to partake in this optional, voluntary survey, please visit the [Competitions](#) tab at www.winterstations.com and click to download the Equity & Inclusion Survey. It takes about a minute, it is completely optional, and it is stored separately from this application – your answers there are never connected to your name or your submission. We keep it separate on purpose, so that questions about your identity can never influence how your design is judged.
