

Equity & Inclusion Survey

Please do not put your name on this page. This short survey is optional and anonymous. It is collected and stored separately from your competition entry, and your answers can never be linked back to you or your submission.

Why we ask. Some of our funders and partners ask us to show, in combined numbers only, who our open call reaches (for example, “24% of entrants identified as living with a disability”). Sharing this helps Winter Stations remain an open, welcoming competition and strengthens our funding. Answering has no effect – positive or negative – on how your design is judged.

You may skip any question, or choose “Prefer not to say.”
